

To: Santa Claus
North Pole.

Dear Santa

Please can I have a
half price MOT
for my daddys van?

I have been very good this
year and have drawn a
nice picture for Mrs Claus.

thank you

HAPPY HOLIDAYS

Mercedes-Benz

Let us fulfill your Christmas wishes

Half price MOT's at SG Smith Mercedes-Benz on
all light commercial vehicles

All MOT test centres are equal by law, but do you want the best?

Entrusting your Van to a Mercedes-Benz Commercial Vehicle Centre can have many added benefits.

Whilst no work would be undertaken without your permission, should anything come to light during the test we can ensure that:

- You will have a competitive quote available.
- Any parts required are in stock to reduce your delays and any downtime is kept to a minimum to ensure your business is not affected.
- Rectification work will be undertaken by factory trained Technical Engineers who have extensive experience with the Mercedes-Benz product and will only replace the parts necessary to rectify the fault.
- Only genuine parts* will be fitted reducing the chances of vehicle downtime and the stress that can create in your business due to the failure of a component and the loss of a vehicle.

* Parts fitted to your vehicles are manufactured to the same tolerance levels and pass the same levels of quality control as those fitted by Mercedes-Benz when your vehicle was built.

All Mercedes-Benz van parts fitted by your franchised dealer carry a full two year unlimited mileage parts and labour warranty. All Mercedes-Benz truck parts carry a one year unlimited parts and labour warranty.

MOT £25.00

Ask or call your service advisor today for more information.

Please note: The MOT Fee does not include the cost of rectifying any faults found.
